Webpages: Please provide your main website address and, if available, the dedicated climate webpage on your website (where climate information is published). Your organisation logo on the CLC website will be linked to the latter if provided.

* **Main web address**

Climate webpage (if available)

Organisation Logo: Please attach your organisation logo on a white background (JPG or PNG format, minimum 450px wide, a square format works best for the website format).

* **Company Information**

Note this information is required for our records and to provide aggregated information about the Coalition. The data will remain confidential and will not be disclosed in an unaggregated form.

Annual Revenue for your last financial year (\$M)

Financial year timing (eg: July - June)

Number of Full Time Equivalent (FTE) Staff

What's needed to help meet the commitments

Detail the two most useful things the Coalition could offer your organisation to help you meet the commitments or advance your climate action.

* **Annual Reporting**

Signatories are required to report annually on progress against the Statement of Ambition commitments through the CLC snapshot survey (July-Aug). As transparency is a key principle of the Coalition, signatories that do not complete the survey and report progress will be exited from the CLC.

This requirement is acknowledged. (tick box)

Section 2 - Statement and Commitments

The **minimum requirements (bolded)** must be met upon signing up to the Coalition. Please note that the corresponding questions are highlighted red and mandatory.

The CLC SoA - Information for Sustainability Practitioners Guide

(<https://climateleaderscoalition.org.nz/wp-content/uploads/2022/06/New-Statement-Guidance-FINAL.pdf>) provides additional guidance for requirements and is referenced in the application by the (i) button.

Signatories must provide evidence of progress against remaining commitments within two years of signing up or by 1 September 2025, whichever is soonest.

The Coalition measures progress against meeting the requirements in the annual CLC snapshot survey.

Mitigation

1. **Measuring our emissions**, having them independently verified, **and reporting them publicly**;

* Please provide, for your last financial year:

Scope 1 emissions in tCO₂e

Scope 2 emissions in tCO₂e

Scope 3 emissions in tCO₂e (state sources included and rationale)

* Please provide a link to where this is publicly reported on your website/annual report. Please note page numbers as necessary:

Are your emissions independently verified? Please state your provider and verification scheme and include links as appropriate:

Mitigation

2. Adopting short-and-long-term gross absolute science aligned targets for scope 1, 2, and 3 emissions to support the delivery of substantial reductions needed to limit future warming to 1.5 degrees Celsius; and consider how your business can be climate positive by 2050.

* Please provide, scope 1&2 targets in tCO2e and target dates

Short term (2025-2035)

Long term (2040-2050)

* These targets are aligned with limiting future warming to 1.5 degrees

Tick to confirm (tick box)

Scope 3 target in tCO2e and target dates (if you have absolute and/or supplier or customer engagement targets please note and state what sources are included)

Short term (2025-2035)

Long term (2040-2050)

Please provide links here or additional commentary related to above targets if needed.

Section 2 - Statement and Commitments

Adaptation

3. **Assessing climate change risks** and opportunities (including in the value chain), setting objectives and/or target(s) to reduce these risks and maximise opportunities, **and publicly disclosing them**; and consider assessing your business' nature-based risks and opportunities.

* Please describe the climate change risks identified for your organisation:

* Please provide a link to where this is publicly reported on your website/annual report. Please note pages numbers as necessary:

Have you set climate change risk reduction and opportunity objectives and/or targets(s)? If so please provide a brief description here, along with any relevant links

If you are taking steps to assess nature-based risks and opportunities, please provide a brief description here, along with any relevant links:

Please attach supplementary documentation related to either risk/opportunity targets or nature based risks and opportunities if available.

Section 2 - Statement and Commitments

Transition and Influence

4. **Proactively enabling our employees, board members, customers, and suppliers to reduce their emissions** and identify adaptation opportunities and/or reduce their climate change risks;

* Please provide a description, including any specific examples, of how you are enabling employees and suppliers to reduce their emissions. Include links (if relevant) or attach documents below.

Attach document here if needed

If you are enabling other groups - board members and customers to reduce emissions, please provide a description including examples here. Include links here (if relevant) or attach documents below.
